#### **SUMMARY**

Each financial year, a budget is prepared and submitted to Council for its consideration. The budget details anticipated income and expenditure for the coming financial year and it has taken into account input from Council's decisions over the last 12 months, and contributions from Councillors and Officers over the same period.

The draft Annual Budget for the year ended 30 June 2024 has now been prepared and is submitted to Council for consideration of formal adoption.

#### **BACKGROUND**

The *Local Government Act* 1995 requires every local government to have an approved financial year budget taking into account Council's Corporate Business Plan and Long Term Financial Plan. The draft Shire of Carnamah Annual Budget for the year ended 30 June 2024 detailing anticipated income and expenditure for the coming year has now been prepared (**Attachment 1**).

#### **COMMENT**

In June 2023 the Fair Work Commission handed down a 5.3% wage increase for all staff. These pay increases and corresponding increase in superannuation from 10.5% to 11% will increase employee costs by approximately \$55,000.

At its ordinary meeting in June 2021 Council resolved to establish a Community Education Reserve Fund with an annual allocation of \$5,000 being considered during Council's budget deliberations each year.

In May 2022, Council resolved to grant a 50% concession on the rent for the property situated at 9 Bierman Place to the Carnamah Day Care Supervisor to ensure that the service could continue.

It is recommended that as a result of this concession being granted, \$9,724 per annum, that no transfers be made to the reserve fund whilst the Day Care Supervisor occupies the property. The proposed differential rates were approved by Council on 21 June 2023 and advertised for public comment. Council needs to consider any submissions received prior to imposing the proposed 2023/24 differential rates and minimum payments. No submissions were received.

## 10.4 ADMINISTRATION REPORTS

### 10.4.1 Delegation Register – Additional Delegations

<b>File Code</b>	ADM0353
<b>Author</b>	Rachael Moore, Executive Coordinator
<b>Disclosure of Interest</b>	Robert Paull, Chief Executive Officer
<b>Attachment</b>	<a href="#">1. Amended Delegations</a>

#### SUMMARY

Council is requested to adopt several delegations across various legislations additional to the 2022/23 annual review of delegations.

#### BACKGROUND

All delegations made under the *Local Government Act 1995 (Act)* must be made by absolute majority and recorded in a register. Sections 5.18 and 5.46 of the *Act* require that at least once every financial year, delegations are to be reviewed by the delegator for those delegations under the *Act*, but also presents an opportunity to review delegations made under other legislation. Council undertook its last annual review of delegations in May 2022 and endorsed the proposed outcome of that review at its 15 June 2022 Meeting.

The purpose of delegating power is to enable routine decision making to be undertaken in a cost effective and efficient manner, or rapidly where a time imperative may be involved. Council is required to make decisions of high importance, some of which require absolute majority decisions and cannot be delegated.

Council also has discretionary functions that involve making routine decisions that are high frequency and low risk. It is appropriate for Council to delegate these functions to the Chief Executive Officer (CEO). The Register of Delegations sets out the powers and functions delegated from Council to the CEO.

#### COMMENT

At the Ordinary meeting of 19 July 2023 Council reviewed its Delegation Register for 2023/23. The Shire has since been made aware of several additional delegations required in relation to statutory building and environmental health matters as follows (Note **Attachment 1**):

- **Delegation 2.1 – Authority Relating to Building Provisions**  
change in the delegate from Building Surveyor to Chief Executive Officer
- **Delegation 6.2 Appoint Authorised Officers and Designated Officers**  
change in the delegate from Environmental Health Officer to Chief Executive Officer
- **Delegation 6.1 - Food Business Registration**  
change in the delegate from Environmental Health Officer to Chief Executive Officer
- **Delegation 7.3 – Powers of Entry**

### SUMMARY

Council is requested to indicate support for draft WAPC Operational Policy 2.3 but noting that:

- additional guidance is required for the determination of suitable contribution percentages when utilising any of the approved planning instruments that have been identified in the draft policy;
- additional clarity is needed regarding contributions for built strata subdivisions, including type, contribution percentage, and timing;
- allowing publicly accessible but privately owned open space that is accessible to the public to offset a POS contribution is not considered a suitable substitute for publicly owned POS, as it would create a burden on the landowner, in terms of maintenance, liability, and potential use conflict, and is not considered to be a sustainable or secure way to provide POS for surrounding residents.

### BACKGROUND

The Western Australian Planning Commission's (WAPC) long-standing Public Open Space (POS) policy currently requires that when new residential subdivision takes place, a minimum 10% of the gross subdividable area is ceded, free of cost, to the local government for POS, such as neighbourhood parks and sporting fields. Those who create new residential lots are required to either provide the land for POS as part of the development / subdivision or make an equivalent monetary contribution towards the cost of purchasing land for POS or improving POS facilities.

Under the current policy, all proposals that increase the number of lots can potentially be required to contribute to POS, including apartment developments that create new built strata lots and mixed-use lots that have a combination of residential and commercial development.

However, this is not entirely clear, and in practise the policy is inconsistently applied across all local governments. Subdivisions of five lots or fewer and built strata and mixed-use developments generally do not contribute to POS.

The proposed draft Operational Policy 2.3: Planning for Public Open Space (draft Policy 2.3) provides further clarity that all forms of land subdivision that increase the demand for POS can be subject to a contribution requirement, including all types of strata subdivision. The draft policy sets out the general principles and requirements that will be used by the WAPC to:

- ensure POS is an essential consideration across the planning framework;
- establish a minimum standard for the contribution towards POS from the creation of new lots;
- provide guidance on the collection, expenditure, and management of cash-in-lieu contributions towards POS to benefit the community.

The key aspects of draft Policy 2.3 are as follows:

- Ceding of at least 10% of the land area for POS will continue to apply in greenfield subdivision.
- Changes are proposed to the calculation of the contribution from those subdividing land to make the POS contribution process simpler, more predictable, fairer, and consistent.
- Whilst not applicable to the Shire of Carnamah, subdividers in established suburbs (infill sites) may contribute less, as a POS contribution was made when the suburb was established and some of the additional POS demand can be met within existing parks. In these situations, the contribution percentage will be determined after an endorsed POS needs analysis is completed by the local government. If this analysis is yet to be done, a default rate of 5% will apply.
- Where only one additional lot (such as re-subdividing two lots into three lots) is proposed, a reduction to a default contribution rate of 2.5% applies.
- Subdividers of apartments or grouped housing that provide publicly accessible but privately owned open space may reduce their contribution in limited circumstances.
- Where a mix of residential and non-residential land uses is possible, the contribution may be reduced proportional to the planned residential component to a default rate of 5% (lower and medium density) or 7.5% (high density).
- Subdividers of non-residential lots (e.g. Industrial zoned lots) will continue to typically be exempt from a POS contribution, unless a demonstrated community need exists, in which case the contribution rate will be established in an approved planning document.

It is understood that the WAPC is seeking to ensure that all communities have well-planned POS that is adequate in extent, quality, function, and accessibility, as well as being responsive to evolving community needs, and the costs of providing, upgrading, and maintaining POS be reasonably, predictably, and equitably shared among those that generate a need for it.

## **COMMENT**

It has been over 30 years since the Shire has had to consider townsite subdivisions and the provision of open space. However, in the future should such subdivisions be considered, the WAPC's policies will prevail.

POS is an essential, standard infrastructure requirement and as community needs and expectations of what POS is and how it functions continue to evolve, the role of POS is broadening. It is reasonable to provide equitable access to quality POS, regardless of location or housing typology; however, the way in which this is provided requires a nuanced approach to ensure that open space demands and community expectations continue to be met into the future.

The Shire is of the opinion that a minimum 10% POS contribution for greenfield development sites should continue, though it is agreed that the provision of POS based on community need and functionality is also reasonable. In the absence of a local planning strategy that specifically addresses POS and appropriate contribution percentages, the implementation of the draft policy would be dependent on other "approved planning instruments", such as local planning schemes, structure plans or development contribution plans, otherwise default contribution percentages would apply.

Draft Policy 2.3 offers no guidance on how the contribution percentage should be determined if any of these approved planning instruments are utilised. There is a concern that without such guidance, local governments will be required to depend on default percentages to deliver the requisite quality POS and undertake resource-intensive planning work to establish percentages

for inclusion in approved planning instruments, which would effectively amount to creating a simplified development contribution scheme.

The inclusion of a provision allowing publicly accessible but privately owned open space to offset a POS contribution is not considered to be a suitable substitute for publicly owned POS. This option would create a burden on the landowner, in terms of maintenance, liability, and potential use conflict, and is not considered to be a sustainable or secure way to provide POS for surrounding residents.

The Shire is broadly supportive of draft Policy 2.3, noting that additional guidance is required for the determination of suitable contribution percentages when utilising any of the approved planning instruments that have been identified, and that additional clarity is needed regarding contributions for built strata subdivisions. However, draft provisions allowing offsetting of POS contributions through making private open space available to the public is not supported for the reasons outlined above.

That with respect to Draft WAPC Operational Policy 2.3 – Planning For Public Open Space, Council:

1. Request the Chief Executive Officer to lodge a submission with the Department of Planning, Lands and Heritage on draft Operational Policy 2.3 – Planning for Public Open Space noting as follows:
  - a) additional guidance is required for the determination of suitable contribution percentages when utilising any of the approved planning instruments that have been identified in the draft policy;
  - b) clarity is sought regarding contributions for built strata subdivisions, including type, percentage contribution, and timing; and
  - c) allowing publicly accessible but privately owned open space that is accessible to the public to offset a POS contribution is not considered a suitable substitute for publicly owned POS, as it would:
    - i. create a burden on the landowner, in terms of maintenance, liability, and potential use conflict; and
    - ii. is not a sustainable or secure way to providing POS for residents.

#### **SUMMARY**

This report recommends Council resolve to advertise a 'Use not Listed' application for planning approval for 'short stay accommodation' at Lot 42, No. 4 Caron Street, Carnamah.

#### **BACKGROUND**

Lot 42, No. 4 Caron Street, Carnamah is zoned 'Residential' under the Shire of Carnamah Local Planning Scheme No. 2 ('LPS No. 2').

Application for 'Short Stay Accommodation' on the land is not a use that is listed under the Zoning Table of LPS No. 2.

CI 3.4 of LPS No.2 allows Council to consider a 'Use not Listed' provided it as advertised the application to potentially affected residents. In this regard, Council will need to satisfy itself that the proposed 'Short Stay Accommodation' is consistent with the objectives of the Residential Zone (as follows):

##### *"3.2.1 Residential Zone*

- a) To provide for predominantly residential development with a variety of housing to meet the needs of different household types through the application of the Residential Design Codes of Western Australia.*
- b) Non-residential uses shall be compatible in character, scale and operation with the predominant residential use.*
- c) A non-residential use shall only be permitted if the use does not detract from the amenity of the area".*

#### **COMMENT**

LPS No. 2 was Gazetted some 23 years ago and does not necessarily reflect the changing nature of residential and tourist uses (including online operators such as Air B&B).

It is suggested that with careful management, ‘Short Stay Accommodation’ at the property could be undertaken in a manner consistent with the LPS No. 2 objective and be in keeping with the amenity of the area.

## CONSULTATION

Should Council support the application in principle, the Shire would advertise the proposal to adjoining residents seeking their views on the proposal. Once completed, the Shire would refer the matter back to Council for consideration.

## STATUTORY IMPLICATIONS

*Planning and Development Act 2005 (as amended)*

*Planning and Development (Local Planning Schemes) Regulations 2015*

*Shire of Carnamah Local Planning Scheme No.2*

*“3.4. Interpretation of the Zoning Table*

*3.4.1. Where a specific use is mentioned in the Zoning Table, it is deemed to be excluded from the general terms used to describe any other use.*

*3.4.2. If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may -*

- (a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted;*
- (b) determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 64 of the deemed provisions in considering an application for development approval; or*
- (c) determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.*

## STRATEGIC IMPLICATIONS

The proposal is consistent with the following element of the Shire of Carnamah Strategic Community Plan and Corporate Business Plan 2021-2031:

Outcome 2	<i>Rich in economic opportunities and jobs.</i>
Priority	<i>Support the retention, attraction and growth of businesses.</i>
Strategy	<i>Work with business community to develop action plan to support their retention and growth.</i>

## FINANCIAL IMPLICATIONS

There are no financial implications for the Shire aside from the administrative costs associated with processing the application which are provided for in Council's annual budget. The Applicant will be invoiced \$147 for the Application Fee. All costs associated with the proposed development will be met by the applicant / landowner.

It is significant to note should the applicant / landowner be aggrieved by Council's final decision in this matter they have the right seek a formal review of that decision by the State Administrative Tribunal.

#### SUMMARY

This report recommends that Council endorse the Shire of Carnamah Fire Break Notice 2023/24.

#### BACKGROUND

At the 17 August 2022 Ordinary Meeting, Council endorsed the 2022/23 Annual Fire Break Notice and approved the appointment of the Fire Control Officers (FCO). Prior Council's consideration, Bush Fire Advisory Committee (BFAC) recommended minor changes made to the 2022/23 Fire Break Notice by the BFAC as follows:

- Amended Restricted and Prohibited Burning periods previously agreed to by Council; Changing of the wording 'Fire Danger Index above 35' to 'Fire Behaviour Index above 40' (part of new national fire danger rating system);
- Burning is now permitted on Sundays with Public Holidays still not allowed (during Restricted Burning Period);
- Removal of flammable material distance around buildings, haystacks etc. has been increased from 2.7 m to 3 meters;
- The Harvest Ban Information Line contact number has been removed (no longer operating);
- Addition of one Fire Control Officer (John Morgan); and
- Inclusion of advice that Permits will be issued from the Shire Office (CEO and Deputy CEO).

Feedback at the time from the Chief Bushfire Control Officer (CBFCO) and other FCO's was that they didn't wish to issue Fire Permits and requested that the Shire administration undertake this task. In past years Shire administration filled in the Permit form and then contacted the CBFCO to seek availability to sign the form (and if not the CEO, would sign the form).

This is inconvenient to the person waiting to receive the permit and inefficient from a staff perspective. The *Bushfires Act 1954* allows where an FCO is not available for the CEO of a local government to sign a burning permit. Accordingly, it was agreed that the Deputy CEO would be approved as an FCO for the sole purpose of issuing burning permits. The arrangement was that before a permit was issued, the Community Emergency Services Manager (CESM) would be contacted for assessment.

#### COMMENT

As the Fire Break Notice is provided to ratepayers with their annual Rates Notice, it is essential that Council adopt a Shire of Carnamah Fire Break Notice 2023/24.

It is unfortunate that the Bush Fire Advisory Committee has not met in 2023 to determine the Fire Break Notice or appoint the FCO's. It is also noted that the current CESM has resigned from the role and this position is currently vacant.

**Attachment 1** provides the draft Fire Break Notice 2023/24 which although has been slightly re-formatted, is near identical to the 2022/23 Fire Break Notice with the exception of:

- Referencing the Bush Fire Brigade FCO's to the Shire Website.
- Burning periods recommend as follows:
  - Prohibited Burning Period from 1 November to 28 February (no change);
  - Restricted Burning Period is from:
    - 19 September to 31 October (formally 19 September to 30 October);
    - 1 March to 31 March (no change).

The above burning periods are generally consistent with the 2022/23 Fire Break Notice and the dates set by the Shire of Coorow.

It is expected that well before the fire season, BFAC will meet to recommend the FCO positions, and this will be referred to Council to adopt.

### SUMMARY

The purpose of this report is for Council to elect Voting Delegates for the Shire of Carnamah in respect of the WALGA Annual General Meeting (AGM) for 2023.

### BACKGROUND

All member local governments are entitled to be represented by two voting delegates at the WALGA AGM to be held on Monday, 18 September 2023 commencing at 2:00pm.

### COMMENT

Two representatives for the Shire of Morawa attending the WALGA AGM should be elected as voting delegates on behalf of the Shire of Carnamah. It is open for Council to also elect two Proxy Voting Delegates.

At this stage the Shire has no elected members registered to attend the WALGA Convention. Councillors are requested to nominate as voting delegates.

The Officer recommendation allows the Chief executive officer (CEO) to assign a proxy should only one voting delegate be able to attend the AGM due to sickness or another unexpected reason.

It is expected that significant governance amendments to the constitution of WALGA will be presented to the AGM so it will be beneficial to have good representation if possible.

### STRATEGIC IMPLICATIONS

*Outcome 4.2 Improvement in efficient and effective service delivery*

*Strategy 4.1.2 Continuous improvement in efficient and effective service delivery*

### POLICY IMPLICATIONS

*Policy 1.6 Elected Members Professional Development*

- Council will pay accommodation costs of authorised delegates and their partners to conferences and functions as approved by Council;
- Council will pay meal costs for authorised delegates and their partners to conferences and functions as approved by Council; and
- Council will pay expenses (e.g. phone, taxi fares for local government business) for authorised delegates only to conferences and functions as approved by Council.

## RISK IMPLICATIONS

<b>Risk:</b> Legal and Reputational – Only Council can authorise Voting Delegates for the WALGA AGM.

### SUMMARY

Council is requested to waive the Carnamah Youth and Community Centre (Town Hall) Facility hire fees in relation to a 'not for profit' event being undertaken by Rural Aid's 'Community Builders Program'.

### BACKGROUND

Rural Aid is currently running a series of workshops in the North Midlands area as a Community Builders Program, in summary this is what has been achieved so far with the support from the Mid West Development Commission. Rural Aid's 'Community Connector' advises that the Community Builder Program involves no cost to participants and Carnamah has been chosen to host the final workshop and celebration event on the 20 October 2023. Guest speaker is the Hon. Minister Don Punch MLA, Minister for Regional Development; Disability Services; Fisheries; Seniors and Ageing; Volunteering along with the Hon Sandra Carr, MLC Member for the Agricultural Region.

Rural Aid is requesting that Council waive the cost of the Town Hall and request that they may be able to support the event by way of sponsorship (Note **Attachment 1**). Rural Aid has also requested that the Shire support a 'BYO' arrangement alcohol. At the Ordinary Meeting of 17 May 2023, Council resolved to adopt fees and charges 2023/24 with \$220.00 the associated fee for the daily hire of the Carnamah Youth and Community Centre (Town Hall) Facility. A Facility Hire Bond of \$310 is also applicable.

### COMMENT

The Community Builders Program represents a grassroots leadership program that seeks to support local community builders within a defined cluster of communities to better understand and build their local and regional community and economy.

As the event is a 'not for profit' event being undertaken by Rural Aid's 'Community Builders Program', the request to waive the fee by way of 'sponsorship'.

However, the Facility Hire Bond will still need to be paid. In relation to the 'BYO' arrangement for alcohol, given the type of event and the target audience, it is anticipated that Community Builders will promote the responsible consumption alcohol.

### SUMMARY

This report recommends that Council amend the location for the September 2023 Ordinary Meeting of Council by revoking the original decision of dates, locations and times of Ordinary Meetings for 2023 and replacing the location for the September 2023 meeting to occur at the Eneabba Tennis Club.

### BACKGROUND

The Council meets on the third Wednesday of each month (excepting January) and encourages members of the public to be in attendance. A public question time segment is held at the commencement of each Ordinary and Special Meeting of Council to allow the public a forum in which they may raise questions regarding Agenda Items or other issues affecting the community. Council Meetings are held in Eneabba, which offers the residents the opportunity of being briefed on issues affecting the Council as well as providing an opportunity for those in attendance to raise issues with their elected member representatives.

16 November 2022: Council resolved (OCM2221112) to adopt the dates, locations and times of Ordinary Meetings for 2023.

19 April 2023: Council resolved (OCM 20230412) to revoke OCM2221112 and revise the date of Ordinary Meetings for October 2023.

### COMMENT

The Ordinary Meeting for 20 September 2023 is set for 3:00pm at the Eneabba Recreation Centre and Sporting Club. It would be preferred to retain the date and time and to have the Meeting at the Eneabba Tennis Club. For this change to be made, Council would need to revoke the earlier decision of dates, locations and times of Ordinary Meetings for 2023 and replace with an amended date.

### SUMMARY

This report recommends that Council:

1. Endorse WALGA Objection to 2023 WA Electoral Distribution Commission Proposed Boundaries (**Attachment 1**); and
2. Request the President lodge an objection on behalf of Council based on WALGA Objection.

### BACKGROUND

The WA Electoral Commission recently published their proposed electoral boundaries to be used at the next State election in 2025. A key proposal from the Commissioners is to amalgamate two non-metropolitan districts. District boundaries are reviewed every four years to maintain similar populations in each electoral seat with WA Electoral Commission taking into account communities of interest, land use patterns, Local Government boundaries, means of travel and distance from Perth.

WALGA has drafted an objection on behalf of Local Government Members based on existing advocacy positions as well as discussions with State Council at the August Information Forum. Objections to the proposed boundaries can be submitted to the Commissioners by Monday, 21 August.

### COMMENT

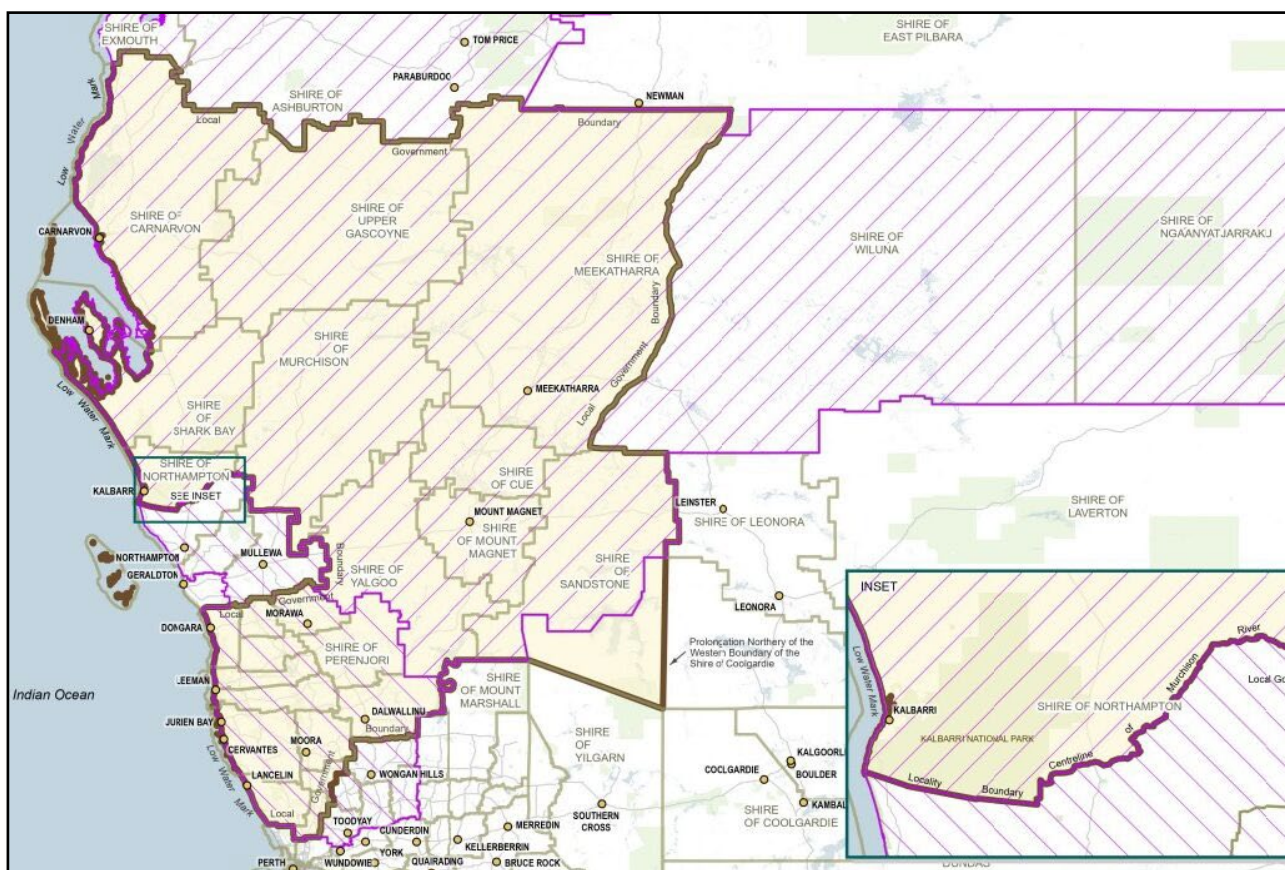

The proposed changes by the Commission would see the seats of Moore and North West Central amalgamated into the seat of Mid West to make way for an additional metropolitan seat. The new seat of Mid West would cover more than 430,000km<sup>2</sup> – a six-fold increase in the area covered by the current seat of Moore. WALGA's draft objection/submission is as follows:

*“WALGA’s objection to the proposed boundaries are on the basis that the reduction of non-metropolitan districts will:*

- 1. Further diminish political representation for regional communities;*
- 2. Increase pressure on regional Local Governments; and*
- 3. Fail to recognise the contributions of non-metropolitan districts to the WA economy.*

*WALGA and its Members support increased resourcing for electorate offices in nonmetropolitan districts, particularly those that cover a large geographical area, to ensure effective political representation at the State level.”*

The objection primarily focuses on the impact of reduced political representation for non-metropolitan communities, and asks for increased resourcing for regional electorate offices, particularly those in districts of large geographical size.

In discussion with Councillors, the concerns raised by WALGA are echoed by them. These concerns are not party political but a very real apprehension the amalgamation of the seats of Moore and North West will increase pressure on regional Local Governments. This is noted in WALGA's consideration as follows:

*“As political representation of non-metropolitan communities at the State level is diminished, the political representation provided by Local Governments will become even more important. This additional responsibility will be challenging for many non-metropolitan Local Governments, already stretched beyond their current capacity and resourcing.”*

*The service provision expectations and requirements of Local Governments have increased considerably, rarely with commensurate increases in funding and resourcing. This has led to Local Governments, particularly in rural and remote parts of Western Australia, providing services previously the responsibility of other spheres of government. Contemporary examples include the provision of primary health care; aged care; housing; and economic development. Diminished political representation, requiring Local Government to fill another gap, will further stretch capacity and resources.”*

#### BACKGROUND

#### COMMENT

The current truck was manufactured in 2015 and has travelled 390000 kilometres. This truck has reached the end of its useful life for this application.

The purchase quotes were called using the WALGA's eQuotes system, which has a list of preferred suppliers. Compliant quotes were received from Truck Centre (WA), AV Trucks Services, Purcher Trucks, CJD Trucks. There were no non-compliant tenders received.

The Manager Works and Services and the incoming Works and Services Manager Joe Hodges assessed the submissions and rated that the Mack Anthem Prime Mover represented the best value purchase.

Prime Mover Evaluation
